ECO TECH RANGE

New for 2021/22 is our range of tech gifts made of sustainable materials. Bamboo, corn starch and recycled ABS plastic are just some of the materials used as an alternative to traditional single use plastic. Make an environmentally conscious choice for your next campaign with our eco audio and charging gifts.

Eco Magnetic Box

Available in Brown or White

MOQ: 10

NEW

The Eco Magnetic Box from USB2U is a new addition to our range of more environmentally friendly packaging options. As an alternative to the traditional Magnetic Box, the Eco Magnetic Box is produced from biodegradable corn starch and has a transparent window so that the Eco USB Stick branded with the company logo is proudly displayed, nestled on a bed of wood wool. The Eco Magnetic Box is a simple addition to any order of Eco USB sticks for a brand who are wanting to be more environmentally conscious.

ECO USB RANGE

We are proud to offer a selection of USB sticks made from sustainable or recyclable materials. The Eco USB range has been carefully put together to focus on moving away from plastic as the main material used, to cornstarch, bamboo, cork and cardboard which all have much better eco credentials.
